EXPERIENCE

Paya Inc.

2021 – 2022

Junior Developer

- Collaborated with development team on multiple code bases using JavaScript, SQL, C#, Ruby, EmberJS, NodeJS, AWS Lambda, AWS OpsWorks, and Docker
- Deployed code using AWS EC2 stacks
- Worked with end-users to resolve code issues
- Utilized Visual Studio Code, Visual Studio, MySQL Workbench, Microsoft SQL Server Management Studio (SSMS), and Docker
- Worked in an Agile environment using Jira for ticket and sprint management
- Created on-boarding documentation for new staff members

CorVel Corporation
Provider Data Supervisor

2012 – 2021

- Interview, hire, and train new employees in CorVel's Medcheck Software and give them the skills they need to successfully complete assignments
- Complete annual performance evaluations for employees
- Act as a main point of contact for the department

Provider Data Team Lead

- Install and setup PC workstations and software for new employees
- Assist employees with PC hardware and software issues
- Supervise, train, and lead employees

Provider Data Specialist

- Manage several databases to ensure medical and worker's compensation bills are expedited properly and effectively
- Scan and upload contracts and documentation
- Analyze and track cases, bills, customer updates, spreadsheets, and word documents to ensure company, customer, and geographic policies are complied with including HIPAA protected information
- Evaluate and verify the accuracy of new medical provider contracts and addendums in order to accurately maintain databases

Bethesda Softworks

2011 – 2012

Quality Assurance Tester

- Tested game software to ensure quality and identify issues and defects
- Worked with PC, iPhone, iPad, and gaming consoles for The Elder Scrolls V: Skyrim, Rage, Rage Mobile, Brink, Dishonored and Doom 3 BFG games
- Maintained optimal functionality of PC hardware to insure testing accuracy

High Point University

2010 – 2011

Media Services

- Evaluated the needs of campus constituents and recommended hardware and software
- Maintained and tested media equipment to ensure that it was in proper working condition, including digital cameras, video cameras, projectors, printers, audio recording equipment, photocopiers, scanners, etc.
- Coached and trained students, staff, and faculty on the effective and proper use of media software and technology, including software such as Audacity, Adobe Photoshop, and Final Cut Pro, and hardware such as digital cameras, photocopiers, and projectors
- Facilitated the production of all incoming requests for the scanning and printing of photos, documents, posters, and marketing materials on-campus

High Point University

2010 – 2010

Information Technology

- Analyzed technical problems and provided necessary maintenance on Windows/Mac desktop computers and laptops, Smart Boards, Projectors, and video/audio systems in order to repair hardware and software in a timely manner
- Organized and cataloged equipment for faculty, staff, and students

EDUCATION

University of Richmond Coding Boot Camp (Trilogy Coding Bootcamp)

-Certificate

J Sargeant Reynolds Community College

-Career Studies Certificate in Network Fundamentals

High Point University

-Bachelor of Arts in Game and Interactive Media
